# 2024 LA TRIATHLON RETURN

## Diamond Drive & Trinity Drive Intersection

### RETURN RIDE - DIAMOND DRIVE & TRINITY DRIVE INTERSECTION

**RIDE HEADS-UP THROUGH THE ENTIRE COURSE!**

- **Diamond Drive & Trinity Drive Intersection** - beware of the right turn lane. As you cross the bridge the road divides into three lanes with the far right lane being a left turn lane. Remain in the middle lane and then move over into the designated bike lane.
- **NEUTRAL ZONE - NO PASSING:** Inbound from Omega Bridge to the right turn onto Canyon Road is a neutral zone; no passing allowed. This is a high-traffic area with two main street lights and turning traffic, and cyclists are reaching high speeds so this is for your safety.
